# LGLV VOTERS' GUIDE, PRIMARY ELECTION 1996

## CONTENTS

### TAKE CHARGE OF YOUR LIFE

Those who hold elective office have the power to affect your life through legislation. They can pass laws which help protect you from discrimination and bashing or they can encourage such behavior. They can provide funding for proper health care for HIV+ people and women with breast cancer, or they can make it more difficult to get care and services. They can pass laws which oppress or protect. What's more, they will definitely be making these types of decisions during their terms in office, which may last up to four years after this election. These candidates have considerable potential to affect your life. By voting, you can have a say in who will be making these decisions and thus influence decisions directly impacting your life as a lesbian person.

### RESPONDING TO UNRESPONSIVE CANDIDATES

As much as we try to provide candidates with every opportunity to address issues of concern to our community, not all choose to do so. We have often been asked what can be done about such candidates. The most effective action is for constituents to tell the candidates that they are unhappy and insulted that the candidate did not respond to LGLV's questionnaire. You can let them know, for example, that you may not vote for them because they do

not believe our issues are important. There are two situations in which communicating this message to candidates seems to have been particularly effective: during campaign events (rallies, debates, etc.) and at the polls, when a candidate shows up to stump for last minute votes. Your comments may elicit a response to LGLV's questionnaire the next time the candidate runs for office.

## USING THIS GUIDE

The Guide is designed to be used either by itself or in conjunction with information on other issues important to you. It is not a slate, and nothing in the Guide constitutes an endorsement. **Both** ratings **and** written summaries must be used together for a clear evaluation of a candidate; they do not stand alone. They show the strengths and weaknesses of various candidates across the spectrum of lesbian issues. Sometimes candidates may be equal overall in ratings, but differ on their strengths within the range of lesbian issues. Candidates for whom we had too little information in every category to rate have no entry in a rating table.

Besides providing information about candidates running for various offices, this Guide can also be used to help determine districts where potential candidates supportive of lesbian civil liberties need to be found and encouraged to run. Indeed, we encourage such use of this information.

## SOURCES OF INFORMATION

The League of Gay and Lesbian Voters obtains information for this guide from various sources: a questionnaire sent to each candidate; voting records; mass media such as *Out!*, *Planet Q*, *PGN*, *Au Courant*, *the Pittsburgh Post-Gazette*, *the Altoona Mirror*, *the Erie Times*, newswire services; other civil rights organizations; and various other sources. Although we do everything we can to ensure the accuracy of all information in the Guide, because of the complex nature of data collection, we cannot assume responsibility for inaccuracies in the information presented in the guide, if any exist.

## SUBJECTS COVERED

We have covered certain areas of general concern for lesbian people.

**Equality:** The area of equality concerns issues of discrimination and protection from discrimination. This includes questions such as whether they would hire a qualified, openly lesbian person or support anti-discrimination legislation.

**Violence:** This area addresses the problem of hate crimes against lesbian people... lesbian bashing. Many points refer to the Hate Crimes Bill, which deals with lesbian bashing as other hate crimes are dealt with in PA: by providing enhanced penalties for such crimes. LGLV advocates for this bill.

**Couples:** This area deals with issues such as benefits for, and legal recognition

of, same-sex couples, with the primary goal of attaining the legal tools necessary to care for our partners as well as our married heterosexual counterparts can.

**Insurance:** This involves issues of life and medical insurance discrimination.

**Custody:** This subject deals with discrimination in child custody, adoption and foster parenting. Often, lesbian parents face roadblocks to retaining custody of their children after a divorce simply because of their sexual orientation. Sexual orientation can also be a roadblock to adopting a child or becoming a foster parent because of negative stereotypes of lesbian people.

**AIDS:** This topic includes a range of issues dealing with AIDS, including education, treatment and research. Also included are topics such as mandatory HIV testing and associated social policy issues.

## QUESTIONNAIRE

The questionnaire sent to each candidate covers a range of issues. Different types of questionnaires are sent depending upon the race. The following is a composite of all the types of questionnaires sent:

1. Should government at any level have the right to regulate private consensual adult sexual behavior?
2. Do you support prohibiting discrimination on the basis of sexual orientation in  
a) employment, b) housing, c) public accommodations, d) education, e) health care,  
f) federal government programs?
3. Would you hire an openly lesbian person to your staff?
4. Would you approve a qualified openly lesbian person to a governmental position?
5. Do you believe a parent's sexual orientation should be a determining or influencing factor in custody decisions?
6. Do you believe an applicant's sexual orientation should be grounds to deny, or in anyway influence, that person's opportunity to adopt a child or become a foster parent?
7. Do you support the ban against lesbian people in the military and the "Don't ask, don't tell" policy towards lesbian service members?
8. Military discharge papers (DD214) for lesbian and gay people indicate the reason for discharge is homosexuality. Do you support removing this notation and any indication of their sexual orientation from DD214s? Do you support retroactively removing this notation from already discharged veterans's DD214s?
9. Do you support legislation which cuts funding to schools which have programs, whether counseling or academic, which have the purpose or effect of presenting homosexuality in a positive light?
10. Do you support the recognition of marriage, or some legal equivalent (such as domestic partnerships), for same-sex couples?
11. Do you support recognizing same-sex relationships for purposes of income and estate taxes?
12. Do you support amending the current hate crimes statutes to cover hate crimes committed because of the victim's sexual orientation?
13. Do you support collecting statistics on hate crimes, including those committed because of the victim's sexual orientation?

13. Do you think health or life insurance companies should be allowed to deny insurance or raise rates based upon sexual orientation?
14. Should they offer gay/lesbian couples the opportunity to purchase family health insurance coverage?
15. How much funding would you support overall for AIDS programs in the next fiscal year? Please give dollar amount, and break down this figure into major categories (research, treatment, services, and education) or attach a copy of your budget.
16. What would you change and not change in a) current policies for the care and treatment of People With AIDS (PWAs) (drug approval, home care, medical subsidies, etc.) and b) current policies addressing public and government education on AIDS?
17. Should HIV testing be mandatory? If yes, for whom?
18. Do you support protecting the confidentiality of a person with regard to his or her HIV status?
19. Do you support anonymous HIV testing?
20. Please add any other relevant facts or opinions. Include as much information as you like. Please cite relevant legislation, testimony, or activities, if any, with which you have been involved.
21. What message would you like to send the lesbian and gay voters in Pennsylvania?

## THE LEAGUE OF GAY AND LESBIAN VOTERS

This publication is a project of the League and is the fourteenth Voters' Guide we have published. The next will be available prior to the general election in the Fall of 1996. The first was published for the primary election of 1988. The Guide is the result of the hard work of our members, the cooperation of our friends, and the support of our advertisers and sponsors.

We welcome your comments and questions. Please feel free to contact the League and express your views about the Guide.

The League of Gay and Lesbian Voters is a nonpartisan organization concerned with issues of special concern to the lesbigay community in Pennsylvania. Our primary activities involve voter registration; education of voters, legislators and candidates; and legislative advocacy. While we do rate candidates on various issues of concern to the lesbigay community, we do not endorse.

## US President

### Bill Clinton 🐾

- ✓ Issued a directive ordering all federal agencies and department to adopt nondiscrimination policies including sexual orientation. So far all except the Department of Defense have complied.
- ✓ Endorsed the Employment Non-Discrimination Act, which would bar discrimination in employment on the basis of sexual orientation.
- ✓ Appointed numerous openly lesbian people to positions within the administration.
- ✓ Has met directly with lesbian representatives.
- ✓ Issued an order prohibiting the denial of a security clearance based solely upon the applicant's sexual orientation.
- ✓ Directed the Immigration and Naturalization Service to grant political asylum to those who could prove they had been persecuted in their country because of their sexual orientation.
- ✓ Increased funding for AIDS research and care.
- ✓ Established an office on AIDS policy.
- ✓ Is opposing the requirement, passed by congress in a Defense Department reauthorization bill, to discharge HIV+ members of the armed services. He is backing a bill to repeal this measure.
- ✗ Opposes same-sex marriage.
- ✗ Backed off on repealing the ban against lesbian people in the military.
- ✗ Lobbied congress to pass a law codifying the "Don't Ask, Don't Tell" ban against lesbian people in the military.
- ✗ Refused to allow the Justice Department to file a legal brief against anti-lesbian ballot measures (specifically, Colorado's Amendment 2, which bans civil rights protections for lesbian people) in the Supreme Court.
- ✗ Signed a law which, among other things, bars HIV+ immigrants from entering the country.

### Lyndon La Rouché 🐾

- ✗ Notoriously anti-lesbian, right-wing candidate opposes lesbian civil rights.
- ✗ Has advocated quarantine of PWA's.

## VOTE FOR AN OPENLY GAY PERSON

Openly gay candidates for CLINTON delegate to the Democratic National Convention from Philadelphia:

### 1st Congressional District

**PAUL ARCURE**

### 2nd Congressional District

**DENISE KULP**  
(alternate)

### 3rd Congressional District

**RICHARD LIU**

Paid for by Liberty City Lesbian and Gay Democratic Club. For Info. and membership call (215) 592-0959. Mike Marsico, Treasurer.

Paid Political Ad - This does not constitute an endorsement by the GLV

## Pat Buchanan

- ✖ Has used homophobia and bigotry to help fund his campaign. One campaign fundraising letter, for instance, rallied against “the social radicals and gay rights activists who wish to indoctrinate America’s children in ‘positive attitudes’ toward homosexuality, using as propaganda tools, books for first-graders like ‘Daddy’s Roommate’ and ‘Heather Has Two Mommies.’”
- ✖ “Someone’s values are going to prevail. Why not ours? Whose country is it, anyway? Whose moral code says we may interfere with a man’s right to be a practicing bigot, but must respect and protect his right to be a practicing sodomite?”
- ✖ “The poor homosexuals. They have declared war on nature, and now nature is exacting an awful retribution”
- ✖ At an anti-lesbian rally before the Iowa caucuses, he attacked “the false god of gay rights”.
- ✖ Former campaign co-chairman Larry Pratt was commandant of the racist, anti-Semitic and heavily armed organization called Gun Owners of America. A Pratt-run subsidiary organization called Committee to Protect the Family claimed that “homosexuals intentionally contaminate blood banks to spread AIDS.”

## Bob Dole

- ✓ Has a written nondiscrimination policy including sexual orientation for employment in his office.
- ✖ Voted to deny funds to provide life sustaining medical care specifically to community based organizations that serve the lesbian community.
- ✖ Voted to bar HIV+ immigrants from entering the country.
- ✖ Voted to repeal the D.C. Domestic Partnership Act.
- ✖ Voted for the codification of the ban against lesbian people from the military.
- ✖ Voted to prohibit schools from having programs with “the purpose or effect of encouraging or supporting homosexuality as a positive lifestyle alternative”
- ✖ Tends to vacillate on the topic of lesbian equality. For instance, he refused to accept a donation from the Gay Republican Log Cabin Club, then said his campaign was in error for rejecting it. He stated in the New York Times in March 1995 that he opposed discrimination and then retreated from that position the following week in the Washington Times.

## Alan Keyes

- ✖ “The effort to equate homosexual and lesbian relations with legal marriage represents a destructive assault on the heterosexual, marriage-based family.”
- ✖ Says it is “extremely dangerous” to treat sexual orientation like race. “Hitler and his supporters were Satanists and homosexuals.”
- ✖ Claims that “the notion that is involved in homosexuality, the unbridled sort of satisfaction of human passions” leads to totalitarianism, Nazism, and Communism.

Withdrew from race – : Steve Forbes, Richard Lugar

### Attorney General

#### Joe Kohn

- ✓ Would not only implement a nondiscrimination policy in the Attorney General's office, but would actively recruit qualified lesbian people by advertising in lesbian newspapers.
- ✓ Would actively support antidiscrimination legislation, including the Hate Crimes Bill.
- ✓ "I will make civil rights enforcement a priority. I will also fight bias crimes against all groups across the state."

#### Mike Fisher

- ✓ Says he will not discriminate in employment practices on the basis of HIV status.
- x During his 1994 Gubernatorial campaign, claimed the lesbian community was for some reason plotting to take over St. Patrick's Day Parades throughout Pennsylvania, and that he would protect the state from that. In essence, it appeared to be an attempt to manufacture a "homosexual threat" issue for his campaign.
- x Helped derail efforts to pass the Hate Crimes Bill last session.
- x Opposed same-sex domestic partnership benefits for University of Pittsburgh employees as a trustee to that university..
- ⇒ Promises to enforce the Hate Crimes Bill if it passes, but did not take a position on it in his response.

This would have allowed non-consensual HIV testing with little justification, made it easier to get a court order to perform and disclose the results of an HIV test, and removed many safeguards to the confidentiality of a person's HIV status and requirements for consent before testing.
